Revenue Department News

News No.   :   53/2013

Date   :   31th May 2013

Subject   :   The Revenue Department to grab another reward in

"Thailand ICT Excellence Awards 2012" ceremony

....

On 29th May 2013, the Revenue Department has won **"Thailand ICT Excellence Awards 2012"** for Core Process Improvement Projects under the concept of Speedy Barcode by developing computer software to support VAT return (Por.Por.30) filing. The taxpayer must go to website of the Department and fill in VAT return form. Then the taxpayer prints out Por.Por.30 which contains readable barcode and submits it to the Area Revenue Branch Office. When the Revenue officer scans Barcode, the data on VAT return form will be displayed and ready to be transferred to database server located at the Head Office of the Department. This will make VAT return filing fast and accurate and also make VAT refund faster.
