

Revenue Department News

News No. : 58/2011
Date : 4 August 2011
Subject : RD & AIA Is giving happiness for life of employees after retirement.

The Revenue Department and American International Assurance Limited Company (AIA) both have cooperation together. About saving money for retirement project it made for functionaries and employees who work in Revenue department. Because it is another good way to choose for saving and using money efficiency. It will be security for life and financial insurance after retirement.

Mr. Satit Rungkasiri, Director-General of The Revenue Department Said "This cooperation is giving happiness in many ways for life of employees in our department. They choose to use their saving money potentially. Alls to join this project will be protected in case if accident happen in their life. They will be paid if they have to heal in hospital 500 bath per a day for 100 days. And they still can request for medical care budget for anyway. If they pass away or die they will get highest money from insurance 200,000 bath. All saving process will finish when they get retired and it will refund to them completely with their interests. So they will secure and feel safe with their financial status and life qualities after retirement."
