**Subject** : The Revenue Department released “enjoying tax under sufficiency economy principle” RD Society Club 2013

---

Mr. Pinsai Suraswadi, Director Bureau of Central Administration, presided over the opening ceremony of RD Society Club 2013 project. This project aims to recruit qualified university students and new graduates aged between 18-30 years old to obtain knowledge in taxation in order to make them gain more confidence in compliance with the tax system. The participants will have an opportunity to share ideas and experiences related to sufficiency economy in order to cultivate positive attitude and right consciousness in them for the result of being a good citizen of the society.

It is hoped that the participants will be able to represent the Revenue Department by applying the knowledge and contribute them among themselves and towards other people for sustainable development of Thai society.
